Mission:

The Vice Deanship of Postgraduate Studies and Research is working to promote knowledge and skills by supporting the scientific research and establishing postgraduate programs following appropriate quality standards for the development of health care at the national level.

Vision:

To advance the college prestige locally and regionally as a prominent academic and research institution in different allied healthcare disciplines.

RESEARCH HUB

ABOUT THE RESEARCH HUB

The College Research Hub provides access to databases and research software tools to integrate new digital methods into the research and academic works.

The research hub aims to support the College's mission and to foster research excellence as a starting point for the support and resources the researchers need for conducting research, scholarly activities, and innovative activities at the College.

Research Hub is equipped with advanced digital technology such as Saudi Digital Library, SPSS, Endnote, and iThenticate to enable research in many disciplines within and beyond the College. It also provides physical space to create, inspire and collaborate for interaction that brings together the research team, partners, and students to tap the best ideas, resources for ideation, research projects, and other initiatives.

You can get help by contacting the Research Unit Head on background literature, data, and collaborators, as well as get help with systematic reviews, publishing, and IRB compliance.

LOCATION:
**College Library,
Ground Floor (Building 81)**

OPERATING HOURS:
(7:30 am to 4:00 pm)

DAYS:
Sunday – Thursday

Log-in to the Research Hub logbook or make advanced reservations at any time via the PSMCHS Ask A Librarian in the Library Management System – KOHA (http://library.psmchs.edu.sa/cgi-bin/koha/opac-main.pl).
